### Committee Of House Slashes 'Stopgap' Aid

Proposes Chopping 108 Millions Off Europe Aid—Gives China \$80,000,000

### SENATE NEARS FINAL ACTION

(BULLETIN)  
WASHINGTON, Nov. 26.—(INS)—Chairman Taber (R) N. Y., of the House Appropriations committee, today refused action on the European emergency aid bill until the administration "justifies" the \$97 million dollars asked by President Truman.

Taber conferred with the chief executive this morning at Mr. Truman's request.

WASHINGTON, Nov. 26.—State Department officials predicted today that a complete revamping of the \$97 million dollar program of stopgap aid to Europe will have to be undertaken if Congress approves a House Committee proposal chopping 108 million dollars from the funds.

Keen disappointment was expressed by the officials after the House Foreign Affairs committee agreed on a bill of its own, reducing aid to France, Austria and Italy to 489 million dollars and adding sixty million to bring China into the program.

State officials pointed out that the program presented to congress had been calculated as an "irreducible minimum."

Senate Nears Final Action  
The house proposal came as the senate neared final action on the measure and leaders predicted passage by tonight despite 11th hour conflicts in the upper chamber.

### Pa Newc Observes

The new street sign standard at the intersection of East Washington and Junior High streets was evidently struck by some motorist. The post is on quite a lean and bears evidence of having been hit.

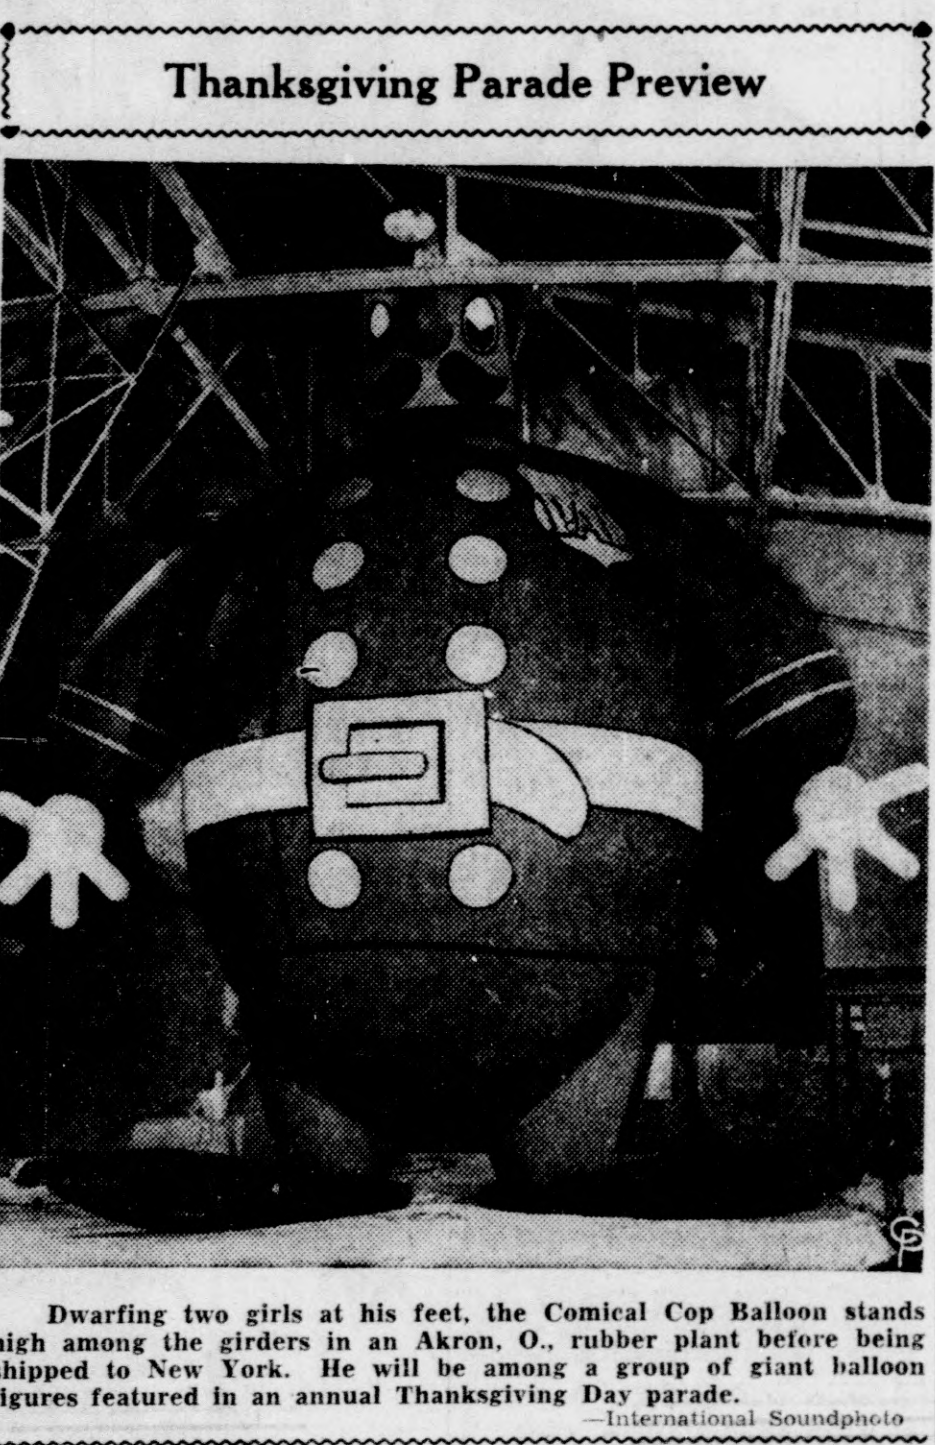

Two mammoth loads of Christmas trees were being transported through the city about 12:30 p. m. today. This is the first shipment of trees that has been seen going through the city this season by Pa Newc.

In the odd sights department, one local resident was noted pulling, not pushing his bulky Model T Ford through the downtown section. The old car of perhaps 1922 vintage refused to run and was being "towed" to a garage.

Aged women of the Almira Home were not forgotten by the young people during the Thanksgiving season. A group of 50 young men representing the Gra-Y organization of the Thaddeus Stevens school visited the women Tuesday bringing them favors and singing for them.

Clocks on the exterior and interior of public buildings could stand a checking and adjustment to the correct time by building superintendents. A difference of four to five minutes exists in many of the time pieces in the downtown section.

### Plan Public Square Holiday Carol Program

Christmas caroling on the public square will be observed again this year. Under the sponsorship of the Merchants division of the Greater New Castle Association choirs of various groups will be heard every week beginning December 8 and continuing until several days before Christmas.

Ross D. Rosenberger has been named chairman of the arrangements. As the matter stands now there will be the following choruses available: each of them representing a national group: Welsh, Polish, Finnish, German, Greek, Italian, Negro and the Cappella choir of the senior high school. A meeting with representatives of the various groups will be held Monday night, December 1, in the Greater New Castle Association offices in The Castleton hotel.

It is hoped to open the series of Christmas carols on Monday night, December 8, with the Welsh choir. This choir opened the series in 1946 and the results of the caroling last year were most successful.

The choirs will sing from the steps of the Federal building and loud speakers will carry the melody from the East Washington street bridge to the West Washington street bridge.

Million and Half Made Idle In France By Spreading Strikes

### PREMIER ASSERTS INTIMIDATION USED

By ROBERT PARKER  
(U. S. Staff Correspondent)

PARIS, Nov. 26.—A creeping paralysis beset much of France's railway system today and Premier Robert Schuman's government blamed effectiveness of the general strike order upon a Communist campaign of "intimidation" and "terror."

French circles in London said that Schuman is considering a partial mobilization of rail workers to combat the general strike order which, observers believe, may "make or break" his government.

1,500,000 Made Idle  
With some 1,500,000 persons made idle by the crippling series of Communist-incited walkouts in the rail and other industries, large sections of France's southern and western railroad networks were immobilized.

Fair and "rather cold" temperatures were predicted for the middle and south Atlantic states.

Molotov Refuses To Agree To Proposal To Take Up Austrian Treaty First

### SOVIET AGAINST REMOVING TROOPS

By KINGSBURY SMITH  
(U. S. Staff Correspondent)

LONDON, Nov. 26.—Leading members of the western delegations to the Big Four Foreign Ministers Conference are frankly pessimistic today over prospects of agreement on the Austrian peace treaty at this parley.

This pessimism stems from Soviet Foreign Minister Molotov's tactics at yesterday's opening session.

At that time, the Russian statesman refused to agree to Austria being placed first on the six-point agenda which the conferees adopted even though the Austrian problem would immediately have been referred to the deputies.

Such a stand by Molotov on the (Continued on Page Two)

They arrived at Buckingham palace at 12:30 p. m. and plan to continue on to Scotland at 7:30 p. m. and stay at Balmoral castle.

Plans to remain two weeks at Romsey—where they arrived on Thursday—were altered due to the crowds who made pilgrimages to the Hampshire town.

### High School Band Is Enroute To Bethlehem

(By News Staff Correspondent)  
WITH THE HIGH SCHOOL BAND, EN ROUTE TO BETHLEHEM—Never a dull moment, seems to be the unspoken slogan of the New Castle senior high school band on this trip to the "little town of Bethlehem." There are over 100 bandmen, majorettes and cheer leaders aboard this B&O special, and since we pulled out of the station at New Castle about six o'clock, there has been as much silence as you would find in a boiler factory on a busy day.

It's just plain old fashioned noise you expect to hear from a bunch of healthy American youngsters out on a lark. And this trip is a lark, an outing that has been earned by faithful performance and paid for by a lot of New Castle folks who wanted to show their appreciation.

Cold Gray Dawn  
The cold gray dawn at five thirty this morning was plenty gray and not much dawn, but it was cold. The youngsters began checking in by five thirty and at six o'clock kids and baggage were loaded and we were on the way.

Many of this crowd of musicians have never been on a train before. Many of them have never been very far away from New Castle. Never seen Washington, D. C. This trip does everything to remedy any previous deficiencies.

Getting up at four thirty, as (Continued on Page Two)

### Fear 48 Lost In Ship Wreck

KETCHIKAN, Alaska, Nov. 26.—(INS)—Uncertainty clouded the fate today of the 51-man crew of the Army Transport Clarksdale Victory, which was torn in two by lashing seas off Hippi Island, 140 miles southwest of Ketchikan.

Coast Guard officials expressed fear that at least 48 members of the crew lost their lives.

A Coast Guard rescue party searched the island, a mile wide and two miles long, last night without finding any survivors.

Battered By Huge Waves  
The prow of the ill-fated craft was in the surf. But 50-foot waves which battered the hulk at the time it was driven onto a reef gave sailors only an outside chance of reaching shore safely.

The three-man party planned to continue scouring the wind-swept island today in the hope that survivors may have reached safety amid its trees and brush.

### State Supreme Court Decision Is Given On Law

Decision Nullifies Law Passed At Last Session Of State Legislature

### ANTICIPATED TAX SAVINGS ARE HIT (BULLETIN)

PHILADELPHIA, Nov. 26.—(INS)—The State Supreme Court ruled today that the Pennsylvania Community Property law is unconstitutional.

The court's decision thus nullifies the sharply criticized law which was designed to save Pennsylvanians an estimated \$100 million annually in federal income taxes by allowing couples to split family income evenly for separate tax returns.

The high tribunal, in an opinion written by J. H. Case, Stern, held that the controversial legislation passed by the 1947 legislature was "vague, indefinite and uncertain."

"Incomplete, Inconsistent"  
In addition, the court declared that the act was "incomplete, conflicting and inconsistent in its provisions that it is incapable either of rational interpretation or of judicial enforcement."

Justice Stern said: "It is obvious that the community property law is exotic with respect to both our substantive and procedural law."

"It represents a concept of property that is entirely alien and foreign to that of the common law and the marital rights in property."

"It is radically at variance with the principles of the common law... utterly devoid of analogies with that system of jurisprudence."

Violates "Due Processes"  
The supreme court ruled that the community property law, sponsored by the legislature, violated "Due Processes."

### Northern Counties Report Heavy Snow

HARRISBURG, Nov. 26.—(INS)—State highway crews today combated snowfalls ranging up to four inches in western Pennsylvania.

Snow was still falling in most sections, the highways department reported. Erie, Crawford and Warren counties reported greatest depth.

Light layers of snow made roads slippery in Clearfield, McKean, Potter, Bedford, Blair and Cambria counties, but plows and cinderers crews kept all routes open, the department said.

# Soviet Seeks To Delay Action On Austrian Treaty

(Continued from Page One)

compromise recommended by French Foreign Minister Bidault is seen by the western delegates as a clear indication that Russia is unlikely to agree to a treaty for Austria if no understanding is reached on Germany.

It is considered probable the foreign ministers eventually will agree—perhaps today—to the order to be followed on the agenda.

But the view prevails in western circles that Molotov will leave a loophole for avoiding agreement on Austria, irrespective of whether that problem is placed first or last.

One leading American delegate told International News Service that the real motive behind Molotov's attitude is Russia's desire to maintain Soviet troops in eastern countries because of the tense international situation, especially if no agreement is reached on Germany.

**Would Eliminate Excuse**

If Russia agreed to withdraw troops from Austria, this delegate said, there would be no excuse for maintaining Soviet forces in Romania and Poland.

The Red Army units are in those eastern countries now supposedly for the purpose of maintaining lines of communication to Soviet occupation forces in Austria.

Western delegates fear that Moscow is determined to keep them in those countries so long as relations between Russia and the west remain strained.

The western powers' eagerness to place Austria at the top of the agenda prompted the hope that it might be possible to obtain a treaty with that country, even if it is impossible to reach an understanding on Germany.

These hopes are fading. Verbal sparks may fly at this afternoon's session if Molotov maintains a stubborn refusal to agree on Bidault's compromise proposal.

eration of Labor', continued to spread.

The secretariat of state for the postal, telegraph and telephone services—which were hit by a steadily-growing strike—charged: "Communist elements this morning launched a violent offensive to persuade P-T-T personnel to cease work."

**Resort To Intimidation**

"In all officers, a majority of personnel is against the strike, but the Communists have resorted to intimidation and sought to create an atmosphere of terror."

"The mass of personnel reacted vigorously."

At Lyon, vital Rhone Valley communications center which was tied up by the rail strike, police were forced to use tear-gas and grenades to disperse Communist-led rioters who stormed the prefecture.

At least five policemen were injured seriously in a free-for-all with the strikers, who gathered to present demands.

About 30 strikers were arrested.

At midday, the city was again quiet but the authorities were prepared for further disorders.

**Trolley Service Disrupted**

Trolley service also was disrupted when operators struck coincidentally with a mass meeting of 50,000 strikers, who were harangued by a CGT official. He denounced autonomous unions and demanded that the workers continue the fight until the general strike is achieved.

The rail strike spread to Le Mans and Saint Brieux, paralyzing traffic on the key Paris-Brest line.

Indications that its effect would be felt throughout France's entire industrial structure were seen when shutdown of mines in the Lille area became complete.

most of them did, with an exciting trip ahead, didn't make for appetites and it's my guess that a lot of mothers had oatmeal and toast left on the table this morning. To take the edge off the appetites they have been working up since they awoke, doughnuts and soft drinks were served about nine thirty. Thirty dozen doughnuts disappeared as though they had been tossed out the window.

**Historical Trip**

This trip might be called a venture into American history. Oddly enough New Castle a tie with Bethlehem and the tie is marked at Moravia, the site of the first church built west of the mountains. That church was built by Moravians who stemmed from Bethlehem where the Moravians under Count Zinzendorf established a flourishing community back before the Revolution.

Down through the historic Beaver Valley and past the confluence of the Allegheny and Monongahela rivers which makes the Ohio. On Past Ohio Pyle, which was the starting point of pioneers who settled the Ohio Valley.

**Guide Is Compiled**

In order to give the youngsters some idea of the historical spots they were passing through a well known New Castle citizen compiled a sort of Baedeker's Guide for the trip. It is a compilation of the historic spots they will see and presented to the youngsters for their information. The gentleman who prepared the copies and had them distributed was an early contributor to the band fund but prefers to have his name withheld. We want it to get around either.

On south we roll, headed for West Virginia, Maryland and D. C., to end the trip tonight about six o'clock at Bethlehem. If their voices hold out the decibels of sound will have reached an astronomical peak.

But it's their party, their time to have fun and from the indications thus far they are doing just that.

# STATE SUPREME COURT DECISION IS GIVEN ON LAW

(Continued from Page One)

sored in the legislature by State Sen. John W. Lord, Jr., violated the "due processes" clauses of the state constitution.

"The act," Justice Stern said, "in making income and profits the common property of both spouses, is unconstitutional."

Justice Stern held that under the provisions of the law "the wife is not given a real interest in the community property under her husband's management and control."

The jurist declared that the community property law "offers no semblance of a light for the courts to follow in adjudicating" problems arising under the legislation.

**Vagueness of Statute**

"Such vagueness in a statute which deals with property rights is, in itself, fatal," the opinion stated.

In summarizing, Justice Stern said: "It is obvious that an alleged interest in property over which another person has the right of control, management and disposal, which the creditors of such person can take in satisfaction of his debts, and as to which there is no practical means of protection, is not a genuine right of property no matter what name or alleged title of ownership may have been given it."

The supreme court accepted original jurisdiction in the community property case.

The test case involved two Philadelphia lawyers, Mark Willcox, Jr., and Shippin Lewis, who assailed the legality of the law.

Defendant in the case was the Penn Mutual Life Insurance Co. of Philadelphia, represented by former U. S. Sen. George Wharton Pepper and Robert Dechert.

Justice Stern said that it was difficult for the tribunal to rule on the community property law because of the "manifold intricacies" involved.

The "intricacies" arose, he added, because the law emanated from Spanish sources and "the present attempt to engraft it upon our own system necessarily results in fundamental conflicts with principles of the common law centuries old."

**Not Concerned With Wisdom**

Justice Stern declared the high court was not concerned "with the wisdom of this new act."

The tribunal was interested only, the justice said, in dealing with "the legislative power to enact a statute."

Justice Stern by-passed arguments of proponents of the measure that the community property legislation was effective in other states, such as Idaho, Louisiana, Texas, California, New Mexico, Washington and Arizona.

He held that "differences of viewpoint in the laws and policies of the community property states" failed to aid the high tribunal in arriving at a decision on the Pennsylvania statute.

These "deductions in the French allowance included a proposed grant of twenty to thirty million dollars liquidation of debts to Belgium and Brazil."

**Larger Carryover**

Austria's funds were said to have been cut because it was established that there was a larger carryover available to that country from current relief appropriations than had been calculated previously.

The house committee inserted in the measure a provision authorizing the reconstruction finance corporation to advance 100 million dollars to launch the aid program as soon as the legislation is enacted. The bill is expected to reach the house floor next week.

At the same time, Rep. Hester (R) Mass., introduced a measure to set up machinery for the forthcoming Marshall plan. His bill would create an "emergency foreign reconstruction authority" of eight members—four Republicans and four Democrats—with an advisory committee headed by the secretary of state.

In the senate, Sen. Malone (R) Nev., spearheaded a move to require that foreign governments give the American food to their people, instead of selling it to them.

The Nevada freshman said he also might propose that the total grant be reduced—perhaps to 300 millions.

Malone said he would introduce an amendment today to ban the sale of U. S.-donated foods and other relief goods, and declared he had the support of "four or five" others, mostly freshmen senators.

Since its founding in 1922 New Castle Hospital School of Nursing has graduated a total of 297 nurses and has grown from a school with an initial class of but two students to the present much larger classes.

Thirty-three New Castle hospital nurse graduates were in service during World War II. It was in 1940 that a new nurses home was opened.

**Miss Mersheimer Presides**

Miss Jean Mersheimer, president of the Alumnae Association, acted as toastmistress and introduced the speakers, who included also, Miss Katharine E. F. Miller, of Harrisburg, secretary of the State Nurses association, Dr. John B. Barrett and Walter Biberich, of New Wilmington, professor of romance languages at Westminster College.

Miss Miller talked on the various fields now in the nursing profession and related something of the difficulties in getting the first nurses training schools started.

Dr. Barrett brought greetings from the New Castle hospital medical staff.

**Presents Magic**

Professor Biberich's program of magic was a highly entertaining one and was received enthusiastically by the group of about 125 who attended the celebration.

Musical highlight was the singing of two selections by a student nurse, Miss Nancy Moore, accompanied by Miss Patricia Druschel. Her numbers were "Ave Maria" and "Without a Song."

Concluding the silver anniversary occasion, a buffet supper was served from a table prettily decorated in white and silver with a bowl of white and orchid mums as the centerpiece with lighted white candles at either side.

Sister Annunziata and Mrs. Frances Dinsmore presided at the silver tea services at either end of the table.

Mrs. Helen Hopper, of Chicago, an alumna, was among those present.

Social committee for the evening was Mrs. Harold Dunlap, Mrs. Frances Dinsmore, Mrs. Francis J. Doran, Miss Veronica Fratz, and Sister Annunziata.

## THANKSGIVING

Armed mightily with the sword of the Spirit, and with the purpose of freedom pulsating in their hearts, the Pilgrim Fathers who settled in this land felt within themselves the power to do and they had the courage to dare.

The power to do and the courage to dare have always been the American Way. The individual can rise to any height that he is capable of attaining. We are thankful for this great heritage.

## THANKSGIVING

In a world where millions are on a starvation diet, every citizen should give heartfelt thanks for the privileges we enjoy in this land of plenty.

Even though prices may seem to find no peak, there still remains the fact that we have an adequate supply of everything we need. That is more than can be said of the peoples in Europe or Asia. If sharing with them brings us some slight discomfort, we still will have much for which we should be thankful.

## BEST OF THANKSGIVING WISHES

When pilgrim fathers wrested a meagre living from their rock-strewn soil, they didn't wail about their hardships, rant against their neighbors! They shared what they had . . . and were grateful for life's simplest awards: food, clothing, shelter. Now that our lives have become so greatly enriched, materially, we must take care lest we lose the greatest of all . . . appreciation.

Open House November 30 Will  
Be Golden Wedding Occasion

MR. AND MRS. ALLEN P. JOHNSTON

Mr. and Mrs. Allen P. Johnston, of R. D. 4, Harlansburg road, whose golden wedding anniversary will occur on December 2, will celebrate by holding open house at their home on Sunday, November 30. Hours will be 2 to 4 in the afternoon and 7 to 10 o'clock in the evening.

It was in 1897 that Miss Maude Luella Thompson, daughter of the late Mr. and Mrs. John Thompson, and Allen Parkinson Johnston, son of the late Mr. and Mrs. James Johnston, were united in marriage in the parsonage of Croton Methodist church here. The late Rev. L. W. Elkins, pastor of the church, at that time, officiated.

Mrs. Johnston has lived in New Castle all her life, having been born here and Mr. Johnston has resided here since 1839, having come here after the Great Johnstown flood. For the past nine years they have lived in their present home.

Six of their seven living children also are New Castle residents. Mrs. Mary Steingasser, Mrs. Sylvia Weatherby, Mrs. Margaret Shaw, Harold L. Johnston, Robert C. Johnston, and Herman A. Johnston. A fourth son, Arthur F. Johnston, lives in York. There are 12 grandchildren and three great-grandchildren.

Baptist Groups To Assemble  
United Workers' class and Section One of the First Baptist church will have a one o'clock luncheon Friday, November 28, in the church. The event will be in honor of a former member, Mrs. Dean McClelland, who is now residing in California.

OPEN HOUSE MARKS  
GOLDEN WEDDING  
Approximately 200 relatives, friends and neighbors attended open house when Mr. and Mrs. Alexander Sharp Leslie celebrated their golden wedding anniversary on Monday evening, November 24, in their home, 411 Martin street. Receiving with Mr. and Mrs. Leslie were their four children, W. Earl Leslie, Arthur A. Leslie, Mrs. Margaret Cochran and Miss Inez Leslie, and their grandson, Arthur J. Leslie.

Preceding open house a family dinner was held at The Castleton. A gold and bronze color scheme was used to decorate about the house and a centerpiece of gold and bronze 'mums on the table was flanked by gold tapers in crystal holders.

Many lovely gifts, cards and telegrams were received by the honored couple and also gift bouquets, among which was a massive vase of gold and bronze 'mums, a tribute of esteem from the neighbors on Martin street where Mr. and Mrs. Leslie have resided throughout their married life.

Mrs. Leslie received in a dress of royal blue crepe and her corsage, presented by her grandson, Johnnie Leslie, was of yellow roses and baby 'mums.

Mrs. W. E. Leslie and Mrs. H. F. Leslie poured and aides in serving were Mrs. J. A. Wilson, Miss Allison Leslie, Mrs. M. C. Rainier, Mrs. O. J. Davies, Mrs. James F. Troves, Miss Mary Kuttisch, Miss Connie Rickel, Miss Peggy Johns and Miss Polly Blanton.

VIENNESE PROGRAM

An outstanding program such as the Viennese program given at the Music club Tuesday evening in Highland U.P. church was enthusiastically received by the members present. The joyous gaiety of the lifting music proved a well-chosen theme for a pre-holiday program.

Caldwell, vocalists, Arthur B. Canning, violinist and Barbara Schulz, Larry Haims, Marjorie Van and James Anthony, pianists, the latter playing a two-piano number.

Accompaniments were ably played by Mrs. Paul Welsh and Edwin Lewis. Miss Olive Webb and Delbert Fletcher ushered.

A beautiful Thanksgiving motif arranged by Mrs. Delbert Fletcher provided a festive background for the music.

Annual presentation of Handel's oratorio "The Messiah" will be given Sunday evening, December 14, in the First Methodist church under the direction of Mrs. William J. Caldwell. The presentation is open to the public.

## In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

An anxious world shunted its attention from royal romance to the harsh realities of war or peace with the convocation of the Big Four Council of Foreign Ministers in London.

There was no question but that "this was it"—a decision meeting to find out once and for all whether there is a possible bridge of agreement between East and West, and if so, whether that is to be built from the collapsible straw of words or the enduring concrete of positive action.

**Difficult Atmosphere**  
The atmosphere prevailing was difficult to fathom and plumb. It seemed that the air around Lancaster house in Westminster was less forbidding.

It was chill, of course, and the weather in general was no better than ever is to be expected from a London November. But there seemed to be at least a little less of war talk.

And an apparently improved strike situation in Italy despite fresh walkouts in France brought the foreign representatives of the United States, Great Britain, Soviet Russia and France together amid developments that in any case might have been worse.

French Foreign Minister Georges Bidault, leaving Paris for the conference that is admittedly vital to the future of Europe and the world, put in a nutshell the average man's feeling when he said:

"Hopelessness is a mortal offense."

**Survived French Crisis**  
The dapper little man from the industrial city of Moulins in the heart of France, once capital of the Duchy of Bourbon, was speaking from a well of deep personal experience.

He had just survived a governmental crisis that in itself seemed utterly hopeless.

Leon Blum had expended his energies in attempts to establish a stable government.

Paul Ramadier had thrown up his hands in despair, confessing that he simply was too tired out to continue.

And into the breach was brought a modestly-living banker-financier from Alsace-Lorraine named Robert Schuman, who by promising a maximum of action and a minimum of words afforded at least temporary hope that the tide of affairs in the French fourth republic had turned.

Schuman had not a moment's hesitancy in naming Bidault as his foreign minister, maintaining him in a post that has kept intact the prestige of France in the eyes of world diplomacy.

Bidault's role in the London sessions may prove to be one of very great importance. The suffering but determined France which he represents is dedicated to the classic role of intermediary.

## The Parent Problem

By Garry C. Myers, Ph. D.

**KEEPING ADOPTION SECRET IS ILL ADVISED**

To me it is inconceivable that any adoptive parent with a bit of intelligence would not tell the adopted child he is adopted as early as the child is old enough to understand the matter only slightly.

If the child is over three or four he probably has asked where babies come from. As nonchalantly as if the child has asked where apples grow, any sensible mother answers: "The baby grows in the mother's body." The child then asks himself, "I grew in your body," or he may ask, "Did I grow in your body, Mommy?" Whether he asks this latter question or not he assumes that he grew in the adoptive mother's body. Unless he gets this wrong notion out of his head he has been lied to directly or indirectly.

**Child Finds Out**  
Certainly no adoptive parents can hope that the adopted child will never find out that the adoptive mother is not his real mother. Then what will happen when the truth first come to him from other sources? How will he feel toward the person or persons who have deliberately deceived him, and for years and years, perhaps? As you see, telling the adopted child of his adoption can't be separated from wholesome sex instruction. My line of books for guiding the parent in good sex education at home may be had in a stamped envelope by addressing me at 235 East 45th street, New York, N. Y.

But the problem involved is many times bigger than what happens to the child's mental health and confidence in his adoptive parents after he has learned the truth unduly late. This child can hardly enjoy a perfect family atmosphere during all the months and years his adoptive parents are trying to hide the facts. Their constant effort at concealment not only from the child but also from all others creates in themselves, in their own mental and emotional life, inevitable conflicts which spread into the atmosphere in which the child must live. Nothing of the sort can be hidden inside the child, nor can it be wholly held inside.

**Peace Of Mind**  
Therefore, the adoptive parent's own peace of mind, mental health and personality, not to mention the peace of mind, mental health and personality of the adopted child makes telling him as early as possible that he is adopted imperative. It is so much easier to tell the child than most persons suppose, and the younger the child the easier it is. At two or three the youngster may have no emotional conflict over it at all, provided the adoptive parent has none. Then when the "ice is broken" for the parent, she naturally would make reference to the child's adoption thereafter from time to time and answer all his questions about it as accurately as she could.

Few people actually realize the amount of mail that passes through a post office such as ours in a single week. Here in our small office we receive hundreds of letters, many of which urge the receiver to buy food stuffs, fountain pens, razors, candy, equipment, books, and the like, much of which goes unopened into the permanent file, (wastebasket).

The Red Hurricanes are practicing in Bethlehem today and we hope they find the weather not too rough and that they will be able to find their land legs after their long train trip, and that tomorrow when they run out on the field they will be able to walk off a good ball and let the people of Bethlehem know that New Castle has a good ball club.

The band in their brilliant red uniforms left this morning and by the time you read this should be well established in the Christ-ian town. No doubt there will be some very interesting stories to tell when the chapters of the band arrive back Friday. So until then we will patiently await the outcome of the expedition.

Nebbing around in the local post office we find that they are a wee bit busy. Of course, nothing compared to what they will be in a couple of weeks, but last week we found that they sent out from New Castle via train, 2,146 sacks of mail, and there were a number of parcels marked "fragile" and the like, that were not included in these sacks, and they numbered 1,040. On the other hand, the mail that arrived at the local post office from all over the United States and the world, sack mail came to 4,319 sacks and parcels not in the sacks came to 2,033. From these figures we take it that more people receive things than they send out. This might mean that some of our people enjoy buying from catalogues but upon closer inspection we find that in this incoming mail are many pieces of advertising matter such as razors, hair tonic, and body odor soaps, and of course in this incoming mail were the applications for drivers license.

And being a scholar and a linguist, the motto on his present coat-of-arms will not have to be handed by an interpreter. "Hopelessness is a mortal offense" could and may become imperishable words of history.

## Looking At Life

By Erich Brandeis

Is money really the root of all evil?

No, said the Rev. R. J. McCracken in a sermon at Riverside church, New York.

Money itself is not evil. It is how you earn and spend it that makes it an instrument of evil or of good.

In repeated parables, Dr. McCracken declared, "Christ made the point that the acid test lies in what men do with wealth and in what they allow it to do to them. For Him the possession of wealth was not a sin, but it could be a danger."

I don't suppose there is one of us who hasn't some time or other asked himself what he would do if he were a millionaire.

Nor is there one of us who has not wished that he might be a millionaire, and envied those who have achieved the goal.

Did I say "envied"? Yes, I did—and in that very word lies one of the roots that may make money an evil.

Envy is the root of communism. Communism was started in poverty, and poverty begets envy.

Don't let yourself be fooled by these wealthy fools in Hollywood who call themselves communists.

Don't think for a moment that they would share any part of their \$10,000 a week incomes—or whatever they are—with you if you really needed it.

Don't believe for a second that they believe in equal rights for all and in the equality of man.

I know some of them. They are communistic aristocrats, not communists.

They don't even consider other communists their equals. They think they themselves are better, smarter, more highly privileged than anyone else.

However, to get back to my subject, I, too, have wondered what I would do if I were a millionaire.

I have come to the conclusion that I would do no more than I am doing now.

I have my health. I have a good wife. I have a home. I have a car. I have the four priceless freedoms. I do the work I like to do.

What could a million do for me that I do not have now?

Let me give you a pretty good measurement that will determine whether you have enough money: If you can stop thinking about money then you have enough.

If you have too little you worry. If you have too much you worry. When money is the means, it is good. If it is the end, it is evil.

That's all.

## Pause For Thanksgiving Reflections

**CHICAGO, Nov. 26.**—We are far enough away from the 1920's so that the antics of that time seem fondly quaint. It is the current fashion to exploit that quaintness. Short skirts, speakeasies, the Charleston, flappers and bathtub gin—it is all being reminiscently served up with trimmings, reminding us how cute we were in those far-off days. But the cuteness on one side, there were certain phenomena of the 20's that should cause us in our time to stop, look and listen.

As the big bubble of that earlier day swelled to opalescent brilliance, uneasy voices were raised in doubt. Teachers, preachers and plain citizens more thoughtful than their fellows began to talk about the materialism of the jazz age and to question the values of a civilization that put so much stress on getting and spending—on the great got Success.

**Hear Echoes Of Doubt**  
Now and then today, you hear echoes of those same doubts. Perhaps Thanksgiving is as good a time as any other to stop short in the midst of our new jet-propelled prosperity and to ask some searching questions about directions and goals.

As in the other boom, all our holidays tend to become Roman holidays. The crowd in the football stadium is bigger than ever before, the traffic jam is longer, the motor horns more raucous and the glint of the whiskey flasks brighter in the late afternoon sun. The cars are brighter and more vari-colored than in the quaint yesterday of the 20's. They make the high, wide and handsome automobiles of that other prosperity look as foolish as the old Model T Ford.

There is more radio, and on the radio there are snappier wisecracks and far more of them. Television is heralded as the great end-all and be-all, just as radio was in its infancy.

**Much Same Substance**  
The present boom seems to have much more substance than the great flash that ended with a bang in 1929. Nothing like the fanning out of instalment buying has yet occurred.

Yet we should not ignore certain portents. Retail food prices in September hit a record high. According to the Bureau of Labor Statistics, the cost of living went up another 2 per cent for moderate-income families. Prices are now approximately 164 per cent of the 1935-39 average.

This should serve to remind us that not everyone is sharing the current prosperity. A large sector—salaried workers, those living on fixed incomes and pensions—are feeling the bitter pinch of inflated prices. This is responsible in considerable part for the mounting tension in the air.

Just as in 1928 and '29, the competition for getting and spending seems to override everything else. What it comes down to, perhaps, is a sense of values.

**Old Values Are Gone**  
So many of the old values have gone by the board. Thanksgiving in the past was never a Roman holiday, not the massed roar of thousands in a football stadium. It was literally a day for giving thanks to God for having brought His people through the trials and tribulations of the year that was ending.

It is easy to talk about values. It is quite another thing to consider how they shall be built into a society so vigorously and completely preoccupied with the world of things.

Europeans are fond of hurling the charge of materialism at us. The charge comes unjustly from Europe in the ashes of its own materialism. A deep strain of idealism has long been one of the most important elements of American character. Europe has often been the beneficiary of that idealism, as it is today.

**Contrast Very Great**  
But this time the contrast between the surface flash of our prosperity and the despair and misery of the rest of the world is very great. Only a little restraint would make available most of what is required to meet the crisis needs for food, fuel and clothing.

If government cannot impose the restraints because of our political divisions on the eve of an election year, then somehow we must find the necessary self-restraint. The discipline which that means would help restore in us a sense of proportion and of moderation.

## Prophecy Of War Fulfilled?

(By Holmes Alexander)

**WASHINGTON, D. C., Nov. 26.**—About three months before V-E day our outfit captured a German prisoner. He was our first and only captive, for we were an air corps unit and seldom saw an enemy face to face. Anyhow this prisoner lay on a bed in the air base dispensary, smoked a cigarette and said that Hitler was going to win the war. Our Intelligence officer showed the Kraut a map of the western front. Our troops were across the Rhine. He then showed the Kraut a map of the eastern front. The Russians were across the Oder. The Intelligence officer asked:

"You still think your side can win?"  
"Yah," said the Kraut. "We win. You will some day help us drive out the Russians."

**Prophecy With No Honor**  
He was a prophet who had no honor among us then. But what reminded me of the incident was a remark I recently heard made by General Eisenhower. A reporter asked the Chief of Staff something about the next war. Eisenhower said: "We are all working 24 hours a day to prevent—or at least postpone—it."

Postpone it—no prevent it? Both Eisenhower and the captured Kraut were talking about the same thing. They were talking about the inevitable American commitment to drive the Russians out of Germany, to re-establish the Fatherland, to ally ourselves with the countermen of Alphonse Hitler.

**Shocking Fact**  
This is the shocking fact which will soon become apparent to the American people. It will be the gist of many a news story and editorial column out of the meeting this month of the Big Four foreign ministers in London. By the sort of irony in which history is often written, the United States—along with Britain and France—will find herself in the role of the savior of Germany.

"Yah. We win." Germany has become by the facts of geography and military strategy the symbol of our own security. There can be no peace in Europe, no peace in the world until the former Reich is restored as a strong, independent and friendly nation—minus the presence of the Red Army.

**Truth Will Come Out**  
This much is basic. If the facts and their consequences have not been spelled out, it is because our foreign policy makers are not yet convinced that the American people can swallow an unpalatable truth. But the truth will certainly come out in the very near future. Under agreements previously reached, the European victors were to police Germany until the signing of a peace treaty. The victorious armies were then to vanquish. But rather than vanquish, the Russians have simply refused to agree on peace terms. Unless they unexpectedly do so in London, there is every chance that the U. S., Britain and France will make a separate peace with Germany—or that part of Germany within our control.

**Will Not Settle Problem**  
But no one supposes that such a treaty will settle the problem of Germany—let alone the problem of Europe and the world. Two possibilities stand out. We can unite the American, British and French zones into a new state called West Germany. Such a move, according to its advocates, would gain favor with Germans and other European nationalists and would help discredit Russian stubbornness.

But opponents of the West German plan say that it completely ignores German psychology. The Germans will never be happy without a united country and will never settle down politically until they possess their bombed-out but beloved capital city, which is in the Russian zone. To create a Fatherland without Berlin would cause the Germans to look to Russia—not to us—for their final deliverance. And that would be unthinkable.

But the Red Army, whatever we do, remains the big reality with which our foreign policy has to deal. If we can't persuade the Russian forces to leave, we shall have to use other forms of pressure. The captive Kraut was right. One way or another, the United States will have to save Germany from the Russians.

**Good Taste**  
By FRANCINE MARREL  
Question: My wife and I have just returned from a week-end visit. Is it necessary for each to write a bread and butter letter or will one do for both of us? Also, should the letter be addressed to the host and hostess?  
Answer: One letter, sent by your wife, will be sufficient for both of you. She must, of course, incorporate in her letter your thanks, along with her own, in this way: "Phil and I have never spent a more delightful week end. . . . This letter should be addressed to the hostess but should include several references to the host's kindness and hospitality."  
Question: Should a guest rise or remain seated when the host and hostess rise to greet another guest—also when they rise to say goodbye to the caller? What is correct in the case of both a man and a woman?  
Answer: The guest, if a woman, should remain seated even while being introduced and when the caller goes, unless the caller is an elderly woman or someone whose importance demands this respect. She should rise to greet her hostess. A man should rise to greet, accept an introduction and say goodbye to the caller, whether a man or a woman. He should rise every time a woman rises and remain standing until she is seated.  
Question: My brother recently gave me a gift. I understand there will be several showers for her and I am to be a bridesmaid at her wedding. Must I give her a gift for each occasion?  
Answer: I am afraid you must. When you are invited to a shower, you must bring a gift always. If you are unable to attend, you must send a gift.

**One Man's Opinion**

Another peace conference is open in London. . . . casualties are expected to be light. Both sides are determined that Germany shall have a peace treaty even if the other fellow is forced to compromise. Bidault's government has changed so many times I understand his reports go home addressed "To whom it may concern."

A returned general says the only trouble with the Russians is that they suffer an inferiority complex. . . . it appears they feel they do not excel us at anything except possibly everything. But our informant says he doesn't see any reason why the two peoples can't understand each other. . . . maybe they do. We'd even be afraid to send Thanksgiving greetings to Moscow. . . . Pravda would interpret it as giving the bird to the Kremlin.

**The Parent Problem**  
By Garry C. Myers, Ph. D.  
KEEPING ADOPTION SECRET IS ILL ADVISED  
To me it is inconceivable that any adoptive parent with a bit of intelligence would not tell the adopted child he is adopted as early as the child is old enough to understand the matter only slightly.

If the child is over three or four he probably has asked where babies come from. As nonchalantly as if the child has asked where apples grow, any sensible mother answers: "The baby grows in the mother's body." The child then asks himself, "I grew in your body," or he may ask, "Did I grow in your body, Mommy?" Whether he asks this latter question or not he assumes that he grew in the adoptive mother's body. Unless he gets this wrong notion out of his head he has been lied to directly or indirectly.

**Child Finds Out**  
Certainly no adoptive parents can hope that the adopted child will never find out that the adoptive mother is not his real mother. Then what will happen when the truth first come to him from other sources? How will he feel toward the person or persons who have deliberately deceived him, and for years and years, perhaps? As you see, telling the adopted child of his adoption can't be separated from wholesome sex instruction. My line of books for guiding the parent in good sex education at home may be had in a stamped envelope by addressing me at 235 East 45th street, New York, N. Y.

Former Local Resident Writes Of  
Vocal Artist's Success At Ap-  
pearance In Loop

In a letter to the New Castle News, Miss Patricia Cubbison, of Surf street, Chicago, Ill., a former New Castle girl, writes of attending Bob Lamm's performance in Chicago when he appeared recently for two weeks at the Oriental Theater there. Lamm, too, hails from New Castle.

The local vocal artist "gave a grand performance", she writes, "and was very well received by the Chicago people as well as by a number of former New Castle-ites." Fred E. Westlake, an active member of the New Castle Men's club in Chicago, who is especially interested in music and things musical, was very enthusiastic in his praise of Bob.

In the evening of November 14, Bob appeared on a radio program with Miss Dorothy Shay, the "Park Avenue Hill-Billie", who was on the stage at the Oriental Theater at the same time.

Bob, now en route to the west coast with his wife for an appearance there, is the son of Mr. and Mrs. Lewis L. Lamm, of 319 East Edison avenue, this city.

## West Side Pupils Presenting Program

A Thanksgiving air was in evidence at the West Side grade school today as the students were presented in their annual Thanksgiving play and program directed by Miss Belle Kyle, dramatics teacher. Miss Margaretta Hess, music teacher and Arthur Can-ning, instrumental teacher.

The program opened with the singing of "Come Ye Thankful People" by the school followed by a song by the 50 voiced chorus and the prayer. Grade 4-2 presented an acrostic with Dorothy Dilley pleasing the students with a trumpet solo, a Dutch hymn. Ralph Perkins was heard in a recitation, with five young men, "Clare and Tommy Montgomery, Ronald Rose, Harold Haggerty and Sam DeMatteo singing for the audience.

Following the presentation of a Pumpkin Pie Acrostic, and the singing of the chorus, Alfred Boyd was heard in a recitation. An instrumental duet was played by Dorothy Dilley and Frank Hiler. Jean Cappiello presented a recitation followed by the chorus singing "Thankfulness". In the play, "Darkest Hour" were: Tom Whiteford, David Michaels, Ruth Bodendorfer, Betty Rishel, Mary Powell, Thelma Calabrese and Elijah Doser.

Carl Holsapfel and Richard Kerr were in charge of the curtains, while Margaret Grieve was the announcer.

## Two kinds of dollars

### The Dollars that RUN the Business

These are the dollars you send to us every time you pay your telephone bill. They're the dollars that grow out of the nickels that you deposit when you use pay telephones. They're the dollars that we take in for providing the best possible telephone service at the lowest possible cost.

These dollars run the telephone business. They pay our taxes and our rent and

our light and our heat. They pay wages and the benefits and pensions telephone employees enjoy. They pay interest to bondholders and dividends to stockholders for the use of their money.

Any of these dollars that have nothing to do after paying all that they have to pay — and there are never many — are put away for a rainy day.

### The Dollars that BUILD the Business

These are the dollars — saved by school teachers, widows, farmers, business men, telephone men and women and other everyday people in all walks of life — with which telephone securities are bought.

With these dollars, new central offices are built and equipped, other central offices are enlarged, and all telephone equipment — switchboards, dial mechanisms, wire and cable, telephone instruments — are bought.

These are the dollars that build the business — that enable us to meet increasing demands for telephone service by expanding our facilities to provide it — that enable us to make the continual improvements that bring you the best possible telephone service at the lowest possible cost.

We must pay for the use of these dollars. Those who supply them expect us to keep them safe and to keep them productive.

### Hearing Raises Property Bids

Two Old School Houses Sold In Pulaski Township At Good Prices

#### OTHER EVENTS IN COURT HOUSE

Public hearings on the sale of county held property often results in higher prices for the property. It was so when two old school houses in Pulaski township were offered for sale.

In the petition for the sale, a price of \$100 was offered. Following the usual custom the matter came before the court. After reading the petition Judge W. Walter Brahm said: "Is there any person in court who wishes to be heard on these bids?"

Eight or ten persons wanted to offer higher bids and Judge Brahm suggested they go into court room No. 2 with Attorney Robert L. Wallace and make their bids.

The final prices were \$550 for one and \$1350 for the other, an increase of \$1700 which the county will get.

#### EXPENSE ACCOUNTS

More expense accounts of candidates in the recent election have been filed with the board of elections. B. N. Hanlon, successful candidate for city treasurer, filed an account of \$110. Joseph A. Ferrara, a candidate for borough council in Ellwood City on the Democratic ticket, filed a statement of less than \$100 spent.

Joseph W. Gilmore, one of the two Republican county commissioners elected, filed an account of \$200 spent and Coroner-Elect Charles E. Allen filed a statement of less than \$100 spent.

WASHINGTON, Nov. 26.—(INS)—Sen. Lodge (R) Mass., said Tuesday that the Maritime Commission has informed him that the

Lodge said that the action will release an equivalent tonnage of tankers now serving the navy's needs and make them available to ease the threatening oil shortage in New England.

The first portion of the program was presented by the Sulmonetti evangelistic party, which included solos by Miss Ethna Sulmonetti; violin selections by young Earl Sulmonetti accompanied by his mother at the piano with Rev. F. P. Sulmonetti directing the singing. Mrs. Norma Marlin former India missionary to India, aided in the program.

Mrs. Oliver W. Hurst was introduced and took charge of the second part of the program which was presented by several church groups. Following the song service led by Mrs. Hurst, seven children were presented in a group of gospel choruses. The scripture was read by Mrs. L. McCann followed by a solo number by Mrs. Paul Walters. Mrs. Russell Cline led in prayer after which the trip, composed by Jerry Robb, Betty and Ruth Lutz presented two selections, with Mrs. Rose Bender at the piano.

The evening meditation was brought by Mrs. Hurst, who spoke on the thought, "The Love of God". Concluding the pleasant evening, the aged residents were remembered with cookies, ice cream and candy from the women's committee of the New Castle churches. The committee includes: Mrs. A. W. Hanna, of Second U. P.; Mrs. Jesse N. Kerr, First Methodist; Mrs. David Nesbit, First Baptist; Mrs. Joseph MacKenzie, Primitive Methodist; and Mrs. Sulmonetti, Christ Methodist.

Men of the Home infirmary were able to hear the program through the new public address system which has been installed through the courtesy of the county commissioners and Samuel Cutler, Home superintendent. A similar program is planned on the Tuesday evening before Christmas, when a treat and presents will be presented to the residents of the Home.

## Verdict Given For Defendant

FRANKLIN, Pa., Nov. 26.—A jury that was out all night, deliberating for nearly 16 hours, brought in a verdict Tuesday for the defendant in action for damages against John Wetzel, of Emlenton.

The case was bitterly fought. Mrs. Mary Kathleen Altman sought damages for the death of her husband, Benton Altman, 44, of New Galilee, Beaver county, who died January 10, 1941, after being struck by an automobile, operated by Wetzel December 14, 1940. The man stepped into the path of Wetzel's car in Emlenton, according to testimony.

## Dismiss Suit Of Coal Company On New State Tax Law

PHILADELPHIA, Nov. 26.—(INS)—The state supreme court today dismissed a bill brought by a western Pennsylvania coal company in an attempt to have recent legislation broadening local tax bases declared unconstitutional.

The plaintiffs—William E. English and Benjamin J. McCormick, trading as the English & McCormick Coal company, and Charles J. Fleck—were ordered to pay the costs of the litigation.

They had brought suit for an injunction against the school district of Robinson township and its officers to stop the school district from levying a tax on coal dug from strip mines in the township.

The school district had levied the tax on coal produced between Aug. 27, 1947, and July 1, 1948, under state legislation approved by Governor James H. Duff on last July 25. The plaintiffs are lessees of strip-mining land.

Large Audience Present To Witness Play, 'The Groom Said No', At Wampum High School

A most enthusiastic audience of Wampum citizens witnessed the presentation of "The Groom Said No", the annual class play of the Wampum Senior class in the High school auditorium on Tuesday evening.

The three act comedy told the problems of a wounded Marine in his attempt to get readjusted to civilian life. Treated as a child by his mother, the veteran has to resort to trickery to escape some humiliating circumstances which only gets him into hotter trouble.

Between acts, the high school vocal ensemble, led by Anthony

Venturella sang two selections, "Whiffenpoof Song" and "You'll Walk Alone". The proceeds of the play will go to the Senior class fund.

Participants in the play were: Edward McMillin, Marjorie Mielke, Margaret Vance, Dorothy Anderson, Robert Jackson, Jr., Ida Bingham, June Safford, Debra Beatrice, Virginia Scala, Joe Kisor and George Jackson.

## Legion Post Will Be Guests Of Guard Units In December

Next Meeting Of Perry S. Gaston Post Will Be Held At Armory Early Next Month

Perry S. Gaston Post, American Legion, will be guests of the men of Headquarters and Service Batteries of the 229th Field Artillery, it was announced at last evening's meeting of the post, held in the Legion Home. Lt. Col. George F. Mitchell and his men are looking forward to the meeting, along with the men of the post.

This meeting will be open to any veteran in the city. Commander Solomon states, and a good program is being arranged for the occasion.

The newly organized band of Gaston Post was accepted by the members and arrangements were made to add to the membership and make it one of the crack musical organizations in this section. To this end a rehearsal meeting will be held Sunday afternoon at two o'clock in the Legion Home, when any veterans interested in joining the band will be welcomed.

Following last night's business session Harold G. Burns, editor of the New Wilmington Globe, addressed the post members, giving them a civilian's slant on world affairs and how the Legion looks to those who are not veterans, which proved deeply interesting to the Legionnaires.

Platinum was probably brought to Europe for the first time in 1741 from Cartagena, Colombia, by a Jamaican assayer.

## FREEZIN' REASON

The last ditch method of stopping on ice is to jam on the brakes—because it's usually the last ditch you will ever skid into. In the first place, stay out of situations which may require a quick stop. When you do use the brake, apply it lightly and intermittently. You will stop quicker, and you will maintain better steering control while doing it.

## Croton Methodists To Gather Thursday

Rev. Owen W. Shields, pastor of the church, will speak on the theme: "What Shall I Render Unto the Lord?" Special music appropriate for the Thanksgiving season will feature the service.

## No Calls For Ashing Crews Received Yet

Only County In Seven County District Where Clinkering Crews Have Not Acted

Some sort of an endurance record has been established by clinkering crews working out of the State Highway garage on the Wilmington road, it is reported today by Alfred Martin, county highway superintendent. In other normal years, calls have been received at least two or three weeks previous to this time for men and equipment to clear the highways or spread cinders so that traffic might not be impeded.

Thus far every county maintenance department of the seven served by the Franklin District office has received calls to ash highways, except Lawrence county. Although, sporadic snow has fallen over the county, no necessity has arisen for the road crews to be called into action.

A watchful eye is being kept on the highway system by Mr. Martin and the moment the need for workmen to be dispatched to the roads arises, they will be on hand to keep traffic moving. Elimination of a number of the steep hills on county highways through construction work will greatly relieve congestion that formerly existed when heavy snow blanketed the roads awaiting the arrival of snow removal crews.

## Really Thanksgiving To Mickey Schuster

PITTSBURGH, Nov. 26.—(INS)—Mickey Schuster really has something to be thankful for this year... he'll eat his first Thanksgiving dinner in 26 years tomorrow.

The 29-year-old Youngstown furniture worker whose throat was sealed shut after accidentally swallowing lye, remarked:

"Just think, I've never tasted any Thanksgiving food before. Gosh, I can hardly wait!"

### Operation Success

Mickey, recently dismissed from Allegheny General hospital in Pittsburgh after a successful operation, said the Schuster dinner will be made up of roast duck with dressing, candied sweet potatoes, cranberry sauce and pumpkin pie. Prior to the operation the Youngstown man took all nourishment through a tube.

## THE WORLD AND THE MUD PUDDLES

moans for the poor farmers who are called upon to witness the blowing away of their lands in Oklahoma and wage slaves in the manufacturing plants of the United States.

### Violent Denunciation

In answer to the question put by the Committee: "Are you a Communist?" many of the witnesses have refused to answer, protesting that it is their business; that this country is a free country and that they are perfectly within their rights to think as they please and answer as they please the questions asked them by the Committee. These witnesses often break out in violent denunciation of the Committee for its investigations. They protest and by their repeated protests have persuaded the people of the United States that they are Communists. The witnesses will not answer the straight question: "Are you a Communist?" This is rather strange for it has been observed repeatedly that a Communist does not hesitate to lie and say, "No, far be it from me to be a Communist." But the Committee has in its possession in several instances, writings, letters and the actual certificate issued by the Community party to the witness and the witness knows that the Committee has that evidence.

### Not Autocratic Government

The United States government is not an autocratic government. No individual has the power of a dictator, but if this tendency on the part of so many citizens to embrace the political set-up of either Hitler or Stalin continues, we may have a dictatorship. But just now, those who have the taint of Communism about them, when they are questioned as to their Communist standing, protest and protest vigorously and by their vigor the rest of us are led to the conclusion that they are enemies of the United States, assisting the Soviets and all their satellites in their determination to turn this into a world of Communism. "They do protest too much."

England, Wales and Scotland were united as one kingdom in 1707.

## Opportunity In Hospital Fund For Memorials

Subscribers to the \$750,000 Jameson hospital expansion fund will have the opportunity to name rooms and departments in the proposed new wing of the hospital as memorials. General Chairman Alex Crawford Hoyt announced today.

A list of the private rooms, semi-private rooms, wards and other units in the new building, together with the amounts for which they may be named, based on cost of construction, will be published soon.

"Individuals, families, business firms, clubs and organizations, and employee groups may specify that their gift be used to designate a particular unit in memory of a loved one or in their own name," the chairman said.

### Worthy Memorial

"Those who wish to pay tribute to the memory of someone who is gone, or to recognize someone who deserves high honor, or to be themselves remembered in the years ahead, will find no monument so worthy as that which, within the walls of a hospital, benefits all."

"The individual, group, or firm which names a memorial in answer to the humanitarian call for more hospital facilities will know the inner satisfaction that only a gift destined to live for generations in usefulness can bring."

"The plaque placed on the door of the memorial will remain for all to see and appreciate as long as the hospital itself," Mr. Hoyt said.

### Will Be Special Feature

Naming of memorials will be a special feature of the first phase of the expansion fund appeal, which begins December 10, and will continue throughout the second, or public phase, which gets under way in January.

The memorial program has been featured in hospital building appeals throughout the country and has proved very popular, the chairman pointed out.

Many rooms and facilities in the present plant of Jameson hospital were equipped or made possible by residents of this area as memorials.

### The Proof Of A Christian

#### Highlights On The Sunday School Lesson

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for November 30 is I John 4:5; II John; Acts 4:1-3, the Memory Verse being Psalm 37:3, "Trust in Jehovah, and do good.")

How can one prove that he is a Christian, is the subject of today's lesson. John, in his first and second epistles, not only tells us how to live Christian lives, so that we can be identified as Christians, but warns against those who would tempt us from that way of life.

"Try the spirits whether they are of God; because many false prophets are gone out into the world."

"Hereby know ye the Spirit of God: Every spirit that confesseth that Jesus Christ is come in the flesh is of God."

"And every spirit that confesseth not that Jesus Christ is come in the flesh is not of God: and this is that spirit of antichrist, whereof ye have heard that it should come; and even now already is in the world."

Again he repeats that we should

love one another: "Beloved, let us love one another; for love is God; and every one that loveth is born of God, and knoweth God."

"He that loveth not knoweth not God; for God is love."

"Herein is love, not that we loved God, but that He loved us, and sent His son to be propitiation for our sins."

Further St. John wrote: "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."

You young children know how your fears are calmed when you reach the haven of your parents' arms. You have faith in them and their protection. Older people remember how they had that same faith in their parents, when they were children. Now they put their faith in God, their heavenly Father.

Again John states, "If a man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God, whom he hath not seen?"

"And this commandment have

we from Him, that he who loveth God love his brother also." John ends this epistle with these words, "Little children, keep yourselves from idols. Amen."

In his second epistle, which is very short, John writes to "the elect lady and her children, whom I love in truth; and not I only, but also all they that have known the truth."

There has been much discussion as to who this "elect lady" was. In his letter John calls himself "the elder," intimating that the epistle was written when he was old. He not only exhorts this lady to love, but warns her against these same false prophets of whom he wrote in his first epistle.

"And now I beseech thee, lady, not as though I wrote a new commandment unto thee, but that which we had from the beginning, that we love one another."

"And this is love, that we walk after His commandments. This is the commandment. That, as ye have heard from the beginning, ye should walk in it."

Warns of Deceivers  
As in his first epistle he tells of the "deceivers" who are in the world. "If there come any unto you, and bring not this doctrine, receive him not into your house, neither bid him God speed."

For the last part of our lesson we are referred to the time after

Peter and John had healed a lame man, and had preached their gospel to the people.

"And as they spoke unto the people, the priests, and the captain of the temple, and the Sadducees, came upon them." These people often argued and disagreed among themselves, but they were united in condemning Peter and John for their work and words. Therefore, they laid hands on them, and put them in the hold unto the next day; for it was now eventide."

Next morning the priests and their kindred were gathered in Jerusalem, and Peter and John were set in their midst. "By what power, or by what name, have ye done this?" they were asked.

"Then Peter, filled with the Holy Ghost," boldly addressed them and told them it was "by the name of Jesus Christ of Nazareth, whom ye crucified, whom God raised from the dead, even by Him doth this man stand here before you whole."

## HADASSAH HEARS CONVENTION REPORTS

On Tuesday evening, members of the New Castle Chapter of Hadassah, conducted their regular meeting in Tifereth Israel synagogue, at which time, they heard excellent reports on the National Hadassah convention, held recently in Atlantic City.

# Strike Results In New Form For Chicago Papers

Editions Of Tribune And Sun Publish Photo-Engraving Editions

CHICAGO, Nov. 26.—(INS)—Chicago's morning newspapers appeared for the first time today with a complete new dress makeup of photo-engraving occasioned by the printers' strike.

Page forms were cast from type-written formats with news photos, advertising and all regular features.

Both the Tribune and Sun published two regular editions with replated editions for late news matter.

The papers were curtailed in size as to the number of pages.

The strike of Local 16 of the AFL Typographical Union against Chicago's six major daily newspapers went into its second day with a walk out threatened against five other publications in the Chicago area.

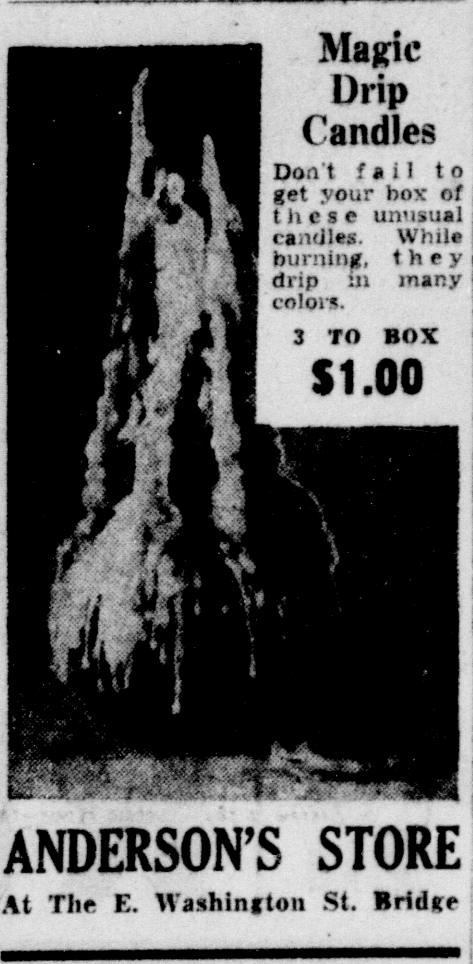

Still threatened by a strike spread were the Chicago Defender, the Hammond, Ind., Times, the Chicago Abendpost, German newspaper, the Drovers' Journal and Lift Printing and Publishing Co.

# Order Probe Of Bell Rates In Pittsburgh Area

HARRISBURG, Nov. 26.—(INS)—An investigation of Bell Telephone Co. rates and service in the Pittsburgh area was ordered today by the Public Utility Commission on its own motion.

The commission said its order was prompted by a "number of complaints, formal and informal," charging the service was discriminatory and that there was an "unreasonable difference" between schedules for localities and types of service.

# 'Canes Await Kick-off Against Bethlehem Hi Eleven

## Squad Is Ready For Big Classic Eastern City

Injured-Riddled Line May Spell Defeat; Must Stop Calvo-Pretoch Combine

### KICK-OFF SET FOR 2 O'CLOCK

BETHLEHEM, Pa., Nov. 26.—New Castle high school's grid squad, 45 strong, arrived here today and began shaking the kinks out of their muscles in preparation for the big Turkey Day clash with the Red Hurricane of Liberty high.

Coach Phil Bridenbaugh's charges, with three lads shelved by injuries, and two more limping on bad ankles, were 12 to 14 point underdogs against the powerful, unbeaten warriors of the east.

See Sell-Out Crowd  
Although the weatherman could not promise a rainy day, a sell-out for the classic is already a certainty, so great is the intense interest here. Some 20,000 persons are expected in the stands when the kick-off whistle shrills.

The local eleven, with eight victories, no losses and no ties, is determined to throw back the New Castle juggernaut and regain the honor of being the top team in the commonwealth. At the last rating, McKeesport's eleven was rated above the Butler-coached powerhouse, but a win over New Castle would give them back the top spot.

Lineup Set  
"Bridy" will probably send in a team composed of Bob Session and Cliff Rowland, ends; Ken White and Zeigler, tackles; Jasper Williams and "Jumbo" Joseph, guards, and Tony Ciaella, center. The backs will be Paul Cuba, Gene Gribble, Lou Gilmore and Ralph Paolone.

Johnny DiCola, Ray Peluso and "Chuck" Wing will miss action due to injuries, and Williams and Joseph are in none too good shape for the fray.

New Castle must stop the passing wizardry of Rocco Calvo, the quarterback standout, and the slippery running of George Pretoch, 140-pound speedster, to win.

The New Castle band, 110 strong, will arrive here tonight aboard a special train, accompanied by over 200 fans.

Kick-off is set for 2 p. m.  
The probable lineup:

NEW CASTLE. BETHLEHEM.  
Session LE Statum  
White LG Gelsa  
Joseph LG Gelsa  
Ciaella C Dier  
Williams RG Zettlenover  
Zeigler RG Mielinger  
Rowland RT Cmorey  
Cuba QB Calvo  
Gribble LB Pretoch  
Gilmore RB Nehilla  
Paolone FB Unangst

That bearded gent on Louisiana State's grid squad isn't a recruit from the House of David, but sub quarterback Fred Brechtel, who must wear the chin spatch as part of the initiation to a geology society.

## AA Conference Shatters More League Records

NEW YORK, Nov. 26.—(INS)—The All-America Football Conference announced today that several records, including three all-time major league passing marks, were shattered in Sunday's game.

Otto Graham, ace passer of the Cleveland Browns, set a conference mark of 325 yards on 15 completions to crack Sid Luckman's all-time yardage total of 2194.

Graham now has a total of 2,305 in 12 games, while Luckman's record was made over a span of only 10 games.

Bud Schwenk of Baltimore now owns a new all-time mark of 301 pass attempts, eclipsing his own 295 for the Cardinals in 1942, and raised his completion record to 157, as against Sammy Baugh's 149.

Graham owns a new AAFC record of having hurled 20 touchdowns passes this season.

## Two Games At Arena Tonight

Johnson Bronze Meets Bessemer, Forest A.C. Battles Shenango 'Y'

Two city-county league basketball games will be played at the Arena floor tonight, starting at 7:30 o'clock, it was announced, with interest high in the proceedings.

In the opener the Bessemer Legion battles the Johnson Bronze team and in the second game t. Forest A. C. meets the Shenango "Y". Admission for the loop games is 25 cents for the balcony and 50 cents for the first floor. The East Brook Boosters lead the league at the moment with a win last Sunday over the Vets.

## DUKES "TAKE TO AIR"

PITTSBURGH, Nov. 26.—(INS)—Duquesne university's "sky riders" took off by plane today for St. Louis and their last football game of the season against the Billikens of St. Louis university.

Coach Kass Kovalechek planned a light workout this afternoon at St. Louis to polish off training for the season's finale.

## Another McKinney-Rickey Deal Is Sizzling

### BOTH DECLARE MANY PLAYERS UP FOR TRADE

Dodgers Would Unload All But Three Aces; Cubs To Keep Kiner, Two Others

PITTSBURGH, Nov. 26.—(INS)—Frank (Trader Horn) McKinney, president of the Pittsburgh Pirates, and Branch Rickey, baseball's David Harum and head of the Brooklyn Dodgers, have another deal on the fire.

Just whom it may involve is anybody's guess, but both admit it may be almost anybody, including the Dodgers' Dixie (People's Choice) Walker.

McKinney and Rickey met recently at McKinney's home in Indianapolis. Today McKinney said any of ten players on either team might be involved. He added:

"Rickey mentioned tentatively every man on the Brooklyn ball club except Jackie Robinson, Pete Reiser and Ralph Branca. "I mentioned everyone on the Pirate club except Ralph Kiner, Wally Westlake and Frankie Gustine."

The Pirates two weeks ago purchased shortstop Stan Rokjok and first baseman Ed Stevens from Brooklyn for an estimated \$80,000 in an effort to bolster a sagging infield defense. Later they traded outfielder Jim Russell and two lesser lights to Boston for outfielder Johnny Hopp and second baseman Danny Murtaugh.

McKinney's announcement that trade talks would be resumed at the major league meeting in New York next month left the status of such Pirate players as Billy Cox at shortstop, Jimmy Bloodworth at second base, Elbie Fletcher at first and outfielders Cully Rickard and Gene Woodling up in the air.

It also forecast the possibility of Pirate acquisition of pitchers Hal Gregg, Vic Lombardi and Rex Barney, outfielder Walker and other stars of the 1947 Dodger champions.

McKinney would not say which players he was most interested in obtaining, and emphasized the entire deal still was in a tentative stage.

## Elks Will Play Youngstown Five

Youngstown College Here Saturday Night for Game With Elks at Washington Floor

New Castle Elks basketball team will play the Youngstown college five at the Washington High court Saturday night, November 30, with a prelude game starting at 7:15 o'clock between the reserve teams.

The Elks having dropped the first two to Westminster and Geneva will be out to try and stop their losing streak, and will be meeting another classy outfit in the Penguins.

Elks Look Better  
Coach Paul Morrison of the Elks says that his team is looking better every game, and should start to click this week. "I will start the two Pitzers, McGary, Kelly and probably Jackson Saturday night," Morrison said. "We have good reserves in Donnie Watters, Bus Davis, Bus Strausbaugh and George "Pop" Adams," he added.

Youngstown college has a fine array this year headed by the veterans Steve Gergely, Charlie Bush, Ray Wise, Jack Christine and Mike Sorkoch of Farrell. This is touted as the best club Youngstown has been able to field since Leo Mogus left.

Youngstown is coached by Dom Rosselli, former Geneva ace.

The three best backs met in the district, according to the champs, were Campana, Gibson and Lucie, all of Youngstown. The Penguins handed the Covies their worst defeat of the season, 27-7.

KANSAS CITY, Nov. 26.—(INS)—Dick Bartell, veteran major league shortstop, was signed today to manage the Kansas City Blues of the American Baseball Association in 1948.

Terms of the contract were not announced.

Bartell replaces Bill Meyer who resigned to manage the Pittsburgh Pirates.

Announcement of Bartell's signing was made today by Lee MacPhail, general manager of the Blues, shortly after the former New York Giants star was released by the Sacramento club.

Bartell began his managerial career last year at Sacramento after serving about 18 months in the Navy. Just prior to his Navy service he had been a player-coach for the Giants.

## Bill Kern Resigns West Virginia Post

By JIMMY JORDAN (International News Service Staff Writer)

MORGANTOWN, W. Va., Nov. 26.—Bill Kern, the head football coach, is cashing in his chips at West Virginia university.

As rumors of dissension on the team continued, and while the anti-chorus clanged, the former University of Pittsburgh tackle announced dramatically to his mountaineer squad yesterday that he was resigning, effective June 30, "for the best interest of both the university and myself."

He made the announcement in the Mountaineer clubhouse as the team was dressing for a practice session preparatory to meeting Kern's alma mater Saturday in Pitt stadium in their last game of the season.

He said he had tendered his resignation to President Dr. Irvin Stewart a few hours previously.

Kern's action climaxed two years of storm and strife with the alumni and West Virginia U. partisans at Morgantown that included an "official investigation" by prominent old grads last winter.

He had returned to the Morgantown school in 1946 after three years in the Navy. His team lost five and won five last year.

This season, the Mountaineers started out with victories over Oberlin, Washington & Lee, Waynesburg and N.Y.U., and then met unbeaten Penn State. After scoring two first-half touchdowns, the Mountaineers succumbed to the Nittany Lions, 21-14.

Then they lost four in a row until they snapped out of the slump last week with a 21-0 victory over Temple.

But they took such a beating in the Penn State game that most of his key men, especially backs, were out with injuries until last week.

It was Dr. Stewart who ordered the investigation last winter of the athletic department. Barbs had been aimed not only at Kern, but at other members of the athletic staff.

When it was all over, the alumni committee conducting the probe recommended that Kern and the rest of the staff be retained, and that a stronger athletic council be created. The latter was done.

Despite great comebacks against Ole Miss and Mississippi State, the figures bear out Louisiana State's reputation as a first-half ball club. In seven games, the Bengals have outscored their opponents 70-52 in the first half, but trailed by 61-62 in the second half.

## Detroit Clowns To Meet Canton Team Here Sunday

'Tiny' Reichert, Tallest Basketball Player In World To Play At Arena

New Castle basketball fans will see the tallest basketball player in the world at the Arena floor this coming Sunday when the Canton Clowns will return here to play the famous Detroit Clowns, a white team, featuring Gil "Tiny" Reichert, 7 feet 6 inches and weighing 280 pounds.

The game will start at about 4:15 o'clock following a city-county league tilt at 3:30 o'clock, Stanley Shaw announced.

The Detroit team will appear in clown suits and will put on a real show for the fans, being great ball handlers. The Clowns, having defeated the Oklahoma Indians last Sunday, have started a winning streak here and hope to keep it going.

## No Football Game Here Thanksgiving

Ellwood Trojans Turn Down Offer For Turkey Day Battle At Stadium Here

There will not be any football game here tomorrow at Taggart stadium, it was announced today by William Domenick, president of the Wabash Bears. The Bears were unable to persuade the Ellwood City Trojans to change their mind about a return game.

In the meantime the Alliance team that had been booked here went ahead and scheduled another game for Thursday, which leaves the Bears and New Castle without a Turkey Day classic.

The Bears had hoped up until Monday that the Trojans would change their minds about playing, but they didn't.

The Lincoln Highway, connecting New York and San Francisco, is 3,384 miles long.

## Clement Out For Eagle Tilt

PITTSBURGH, Nov. 26.—(INS)—Johnny (Zero) Clement, star tailback of the Pittsburgh Steelers, definitely will not play in next Sunday's important game against the Eagles at Philadelphia.

Clement's left elbow was placed in a cast yesterday by Dr. Ralph Daugherty, team physician. The ace passer and ball carrier of the club, now leading the eastern division of the National Football league, was dislocated early in last Sunday's game at Chicago against the Bears.

With Clement gone, and Walt Slater, his understudy, a doubtful starter because of a charley horse, Coach Jock Sutherland moved Paul Davis to tailback, where he probably will alternate with rookie Gonzales Morales against the Eagles in the game that may decide the eastern division championship.

## NEW CAGE LOOP STARTS THURSDAY

WHEELING, W. Va., Nov. 26.—(INS)—The infant All-American Professional Basketball league, a six-team circuit, starts its first season Thursday night when Cumberland, Md., meets Altoona, Pa., on the latter's court.

The new league is starting slowly and has no inclination to attempt to step into big time competition in its first season. Each team will play a 40-game schedule.

Members of the league, in addition to Altoona and Cumberland, are Youngstown, Zanesville and Columbus, O., and Wheeling, Pittsburgh also holds a franchise, but due to inability to find a place to play, will remain inactive this season.

## PLAN PRACTICE SESSION

Newly organized Calabro club five will hold its first practice session at the "Y" floor tonight from 6 to 7 o'clock.

The coach is "Gabby" DeCaprio.

and the quint will compete in the Civic-Industrial loop this season. Players include Sam Calazza, Carl Congini, Sam DiLillo, Gine Pace, Barney Alfieri, Nick Turco, Phil Richards, Ed Yeragi, "Tosk" Toscano, "Tubby" Richards, Phil Conti and Frank Tuscano.

## Tech Forsakes 'Big Time' Football

PITTSBURGH, Nov. 26.—(INS)—Carnegie Tech, once a power in intercollegiate football, today dumped the game, insofar as it concerns "big time" competition, into the ashcan.

President Robert E. Doherty of Tech—where once the Tartans battered such teams as Notre Dame and Jock Sutherland's neighboring Pitt Panthers—told some 3,500 students in a Carnegie Day address: "We cannot have both class A football and professional education unless we set up football as a sideshow with special education programs for the squad."

His address, on the 35th annual observance of the birthday of the late Andrew Carnegie, came after Tech had finished its third consecutive winless football season.

He said football would be continued at Tech on a "modest scale" but did not amplify that statement.

## RED HOT HORNETS WILL PLAY HERSHEY

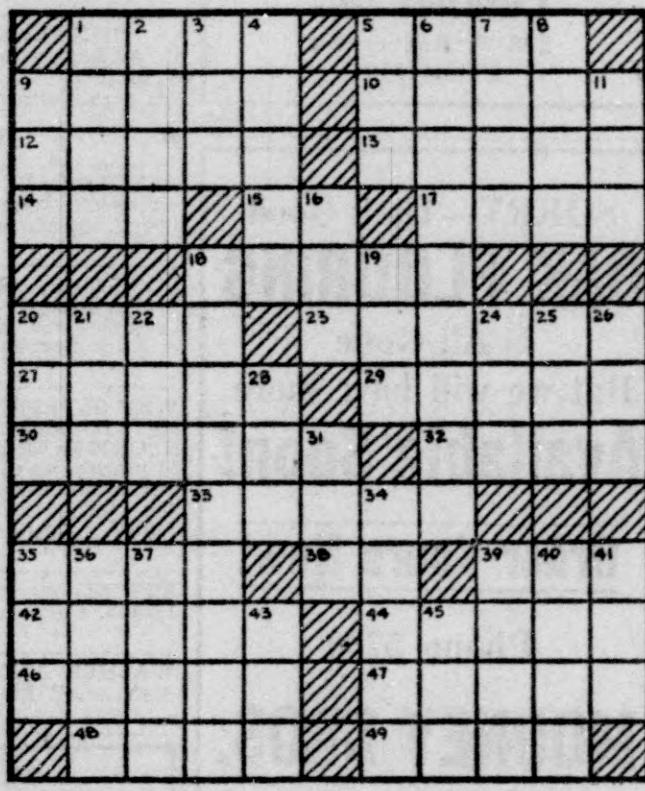

HERSHEY, Pa., Nov. 26.—(INS)—The Pittsburgh Hornets, hottest team in the American Hockey league, will meet the Hershey Bears tomorrow night in the Sports Arena in their first tilt of the 1947-48 season.

The Hornets have registered 27 points in 17 games while Hershey has racked up 21 points in 19 starts.

Hershey won last season's championship by defeating Pittsburgh in a best-of-seven game series. The Bears clinched the title with a 5-0 whitewash in the final game.

## IT'S INSPECTION TIME. OR DID YOU REMEMBER?

In the rush of the past weeks and months it may have slipped your mind that inspection time was about due, as a matter of fact it is here. Sure, there is quite a lot of time yet, but it's a lot better to get in before the hectic last minute rush. We're waiting for you, prepared to do you a real job by real mechanics.

### Around Hollywood

By JOHN TODD  
International News Service Staff Correspondent

HOLLYWOOD, Nov. 26.—Our super-lovely Hedy Lamarr has just turned her back on the blandishments of British movie producers because she's a mother before she's an actress.

Hedy would like to work in an English picture, except for the reason it would take her away from her three children for several months. She couldn't take them with her and she couldn't bear the thought of separation from them.

**Hedy Thrills**

When Hedy returns to her screen work—she's stayed away from it for more than a year now—we mere Hollywood males are happy it'll be at home.

Svelte Janis Paige is sporting a beautiful new cream-colored automobile, the gift of Frank Martelli, the handsome San Francisco gent she'll wed Dec. 27. I saw it right outside the stage of "Winter

Meeting" at Warner's. On the door is an inch-high monogram, "Mrs. M."

It's perfectly understandable if Jane Wyman tries to talk her hubby, Ronald Reagan, to death when she arrives home after working all day in "Johnny Belinda". She plays a deaf mute. Lew Ayres, her co-star, probably wants to keep silent at night. He has to talk for both of them in the picture, although 'tis said the sign language is worked out with such simplicity that movie audiences will understand it before the picture is half over.

**Gene On Mend**

While his injured ankle mends, Gene Kelly is thinking about the plum role that's been handed him at M-G-M for early next year. It's that of D'Artagnan in "The Three Musketeers". This will be the largest big-name cast picture since

"Grand Hotel" and "Dinner at Eight". Lana Turner and June Allyson already have been named. Lana's going to kill June in it.

Winding up "BF's Daughter", Barbara Stanwyck had a few words to say about the 10 writers and directors who defied the congressional committee probing communism in Hollywood. She said she hoped "they get the works".

Her husband, Robert Taylor, was one of the "friendly" witnesses before the committee. "To the Victor", now nearing completion at Warner's after being partially shot in Europe, will carry an attack on communism.

The biggest set in Hollywood is just being completed for "The Adventures of Don Juan". It's the reception hall and stairway of the Palace. It covers 26,000 square feet. The bottom step is wide enough for 100 men to stand shoulder to shoulder.

Storax is a fragrant resinous substance, the styrax of the ancients, obtained from the storax tree, native of the Mediterranean region.

### Verses For 1948 By Poetry Club

"Verses for 1948", a small calendar verse booklet has been issued by the New Castle Poetry Club.

Each page is for one month of year with the calendar printed in the middle and above and below are short poems by members of the New Castle Poetry Club.

There are verses by Garnet Rhodes, Mae Wilson, Carol Loupe Fisher, Mildred Prather Henderson, Nita Johnson Brenner, Hortense Mellinger, Mabel Cheers Cox, Frances Haydon, Allurah Leslie, Katherine Ingham, and Josephine Alexander.

The small calendars are very attractive and of unusual interest due to the original poetry they contain by the above New Castle residents.

The word money is believed to be derived from "moneta," an attribute of the Roman goddess Juno, because the ancient Roman mint was established in the temple of Juno Moneta.
